## ABOUT OUR COMPANY

MAH Pump Sales & Installations was started in 1989 by Michael Andrew Hartridge.

The first 'booster' was assembled in a Wendy House in the back yard.

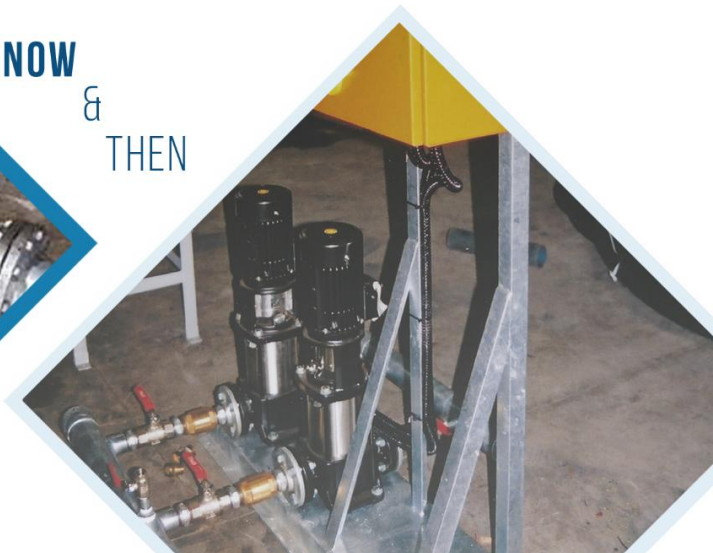

In 2025, 36 years later, the memory and excitement of that first delivery is still there, and is the motivation and inspiration that sets MAH Pump Sales & Installations apart from everyone else.

MAH has grown over the years and now offers a full turnkey solution to water storage and pumping requirements.

We have teams who are the best at what they do, from sales to installations right up to commissioning, servicing and maintenance.

# SERVICES

## WHY CHOOSE US

Our service centre is open to the public, while our pump sales and installations department focus on the commercial market.

### PUMPSALES

Water Pressure Booster Sets  
Submersible Sewage & Drainage Pumps  
Bore-hole Pumps & Associated Equipment  
End Suction Centrifugal Pumps  
Contract Installations - Mechanical, Electrical & Piping  
Fire Booster Systems

### PUMPINSTALLATIONS&MAINTENANCE

Attention to detail and quality workmanship on all installations ensures neat installations conforming to required standards.  
Installations include all mechanical and electrical work, as well as the supply of piping and ancillary equipment.

### SERVICE CENTRE

We have a fully equipped and certified service centre for all waste water and potable water pumps. We also offer service contracts for the maintenance of all installed equipment.

# BUSINESS FUNDAMENTALS

## **BEE**

MAH Pump Sales & Installations is a proudly registered **BB-BEE LEVEL 2** company.

## **VALUES**

Our core business fundamental is that we deliver **NEW SCHOOL TECHNOLOGY WITH OLD SCHOOL VALUES**. We deliver value, insight, expertise and excellence within the pump industry, while we are being backed by two global giants; Grundfos and DAB.

## **ENVIRONMENTAL POLICY**

Grundfos and DAB takes the responsibility of sustainable solutions very seriously. The intelligent pumps that we sell can reduce the average electricity consumption of a commercial building by up to 15% - 30% - protecting the environment and saving money at the same time.

## **EDUCATION**

To further set us apart, we have established a non-profit organization to provide educational bursaries. By providing foundation and skills, we aim to help negative long - term social and economic impacts.

## **HEALTH AND SAFETY**

MAH conducts all projects within the parameter of the Occupational Health and Safety Act and its associated regulations. We have established world-class practices and standards, which demonstrates that we value our employees and clients.
